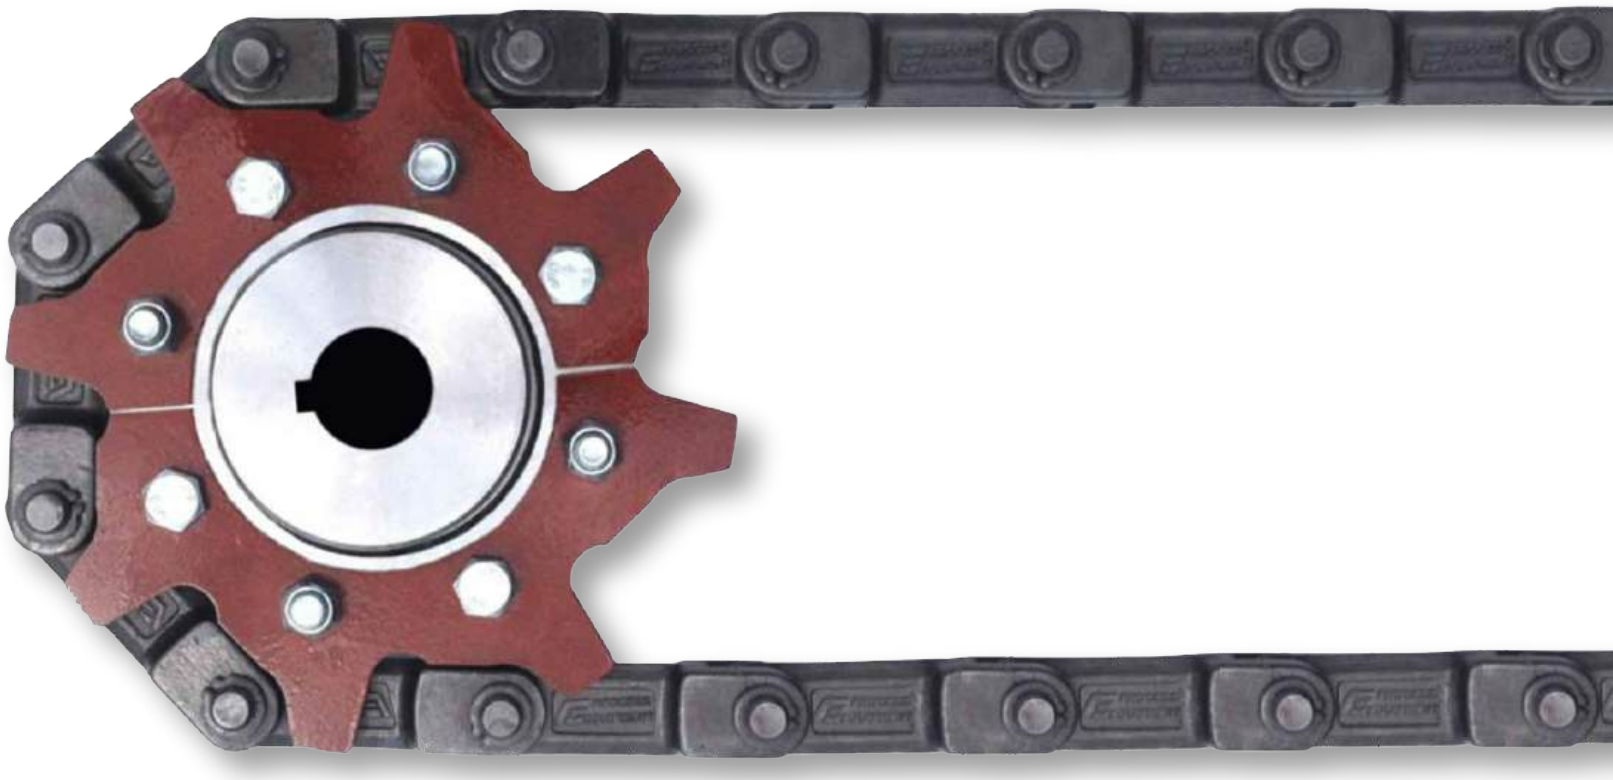
Conveyor Components & Service



ProcessBarron's mission is to have the conveyor parts you need ready and available for quick delivery and installation. ProcessBarron can provide multiple styles and sizes of drag chain for all your conveying requirements. We keep a wide selection of sprockets and hubs in stock and have a full service machine shop ready 24/7 for boring and machining. We stock fully assembled rotary valves, double dump valves, and fly ash conditioners, and have a full line of cast and fabricated access doors.
